RE: Draft Longview Chlor-Alkali Facility Clean Up Agreed Order

Dear Mr. Gross:

The Department of Ecology (Ecology), with the assistance of the Washington State Attorney General's Office, and consultation with US EPA Region 10, has reviewed the draft Agreed Order (Order) governing the on-going clean up for the Longview complex Chlor-Alkali facility.

Ecology finds the Order acceptable as crafted and will, therefore, proceed with the proposed public comment segment.

Please contact me at (360) 407-6388 if you have questions regarding this letter or Ecology's involvement with the project.

Sincerely,

Cris Matthews  
Regional Hydrogeologist  
Solid Waste & Financial Assistance Program
